SUMMARY

I am a Front-End Developer with **1 year** of experience, specializing in technologies like **React.js**, **Next.js** and Shopify platform. I am passionate about creating responsive and dynamic user interfaces, delivering technical solutions. In my free time, I continuously learn and apply new technologies to enhance my technical skills.

WORK EXPERIENCE

Meowcart Ecommerce

April 2024 - Feb 2025

- Worked on various Shopify projects, including Crocs, FitFlop, Babeeni, SEESON, Bupbes, LiiLash,...
 - Enhancing user experience through bug fixing and performance optimization.
 - Collaborated with the Back-End team for seamless API integration.
 - Engaged directly with clients to gather requirements, develop new features, and assist in the integration of third-party services and platforms.
-

PROJECTS

Crocs Loyalty

- Role: Front-End Developer
- Responsibilities:
 - Integrated loyalty features for the Crocs store.
 - Implement interface development, API connection, responsible for project stability and maintenance.
 - Identified and fixed legacy issues affecting the Crocs website.
- Tech Stack: HTML, CSS, Javascript, Liquid

Meow-Login

- Role: Full-Stack Developer
- Feature: Developed an application for configuring Shopify stores with account registration via phone number and OTP authentication
- Tech Stack: ReactJS, NestJS, Liquid, Firebase Function.

Product Comparison

- Role: Front-End Developer
- Created a website that compares products from the same category as a final project for '!.NET Technology' at university. Developed a modern and responsive design using ReactJS and TailwindCSS. Implemented an admin dashboard for managing product displays and a feature to compare detailed specifications between multiple products.
- Tech Stack: ReactJS, TailwindCSS, React Router v6
- GitHub Repository: [[Link](#)]

E-commerce Website

- Built an admin dashboard and client homepage for an e-commerce site. The admin side allows for product management, while the client side offers a fully functional e-commerce experience with features such as add to cart and Stripe payment integration. Ensured a user-friendly interface.
 - Tech Stack: NextJS, Typescript, TailwindCSS, PrismaDB, ShadcnUI
 - GitHub Repository for [Admin]: [\[Link\]](#)
 - GitHub Repository for [Client]: [\[Link\]](#)
-

PROFESSIONAL SKILLS
